## FRENCH WITH LA JOLIE RONDE

### Free trial lesson

Dear Parents,

**Would you like the opportunity for your child to learn French? If so I would like to offer you a free trial session Monday 11<sup>th</sup> December 2017 from 12.30-13.00pm. This will give your child an idea if they will enjoy the french club “La Jolie Ronde”.**

For more information about our club please read below:

At La Jolie Ronde, we aim to make our classes an enjoyable experience for your child, to motivate him/her to learn French and to inspire long lasting enthusiasm for the language. It is a unique opportunity for children to begin to learn French when they are most receptive, less inhibited and are able to learn quickly.

Your child will start to learn French following a very effective method. What makes La Jolie Ronde so successful and distinguishes it from clubs and other similar organisations is its structured learning programme which allows continuity and progression.

At this very young age, to learn a language, children need to imitate and repeat and will develop a good French accent from the start. However, they also need to understand what they are saying in order to memorise it hence the use of some mother-tongue during the lesson. As children get more and more comfortable with French words and expressions used by the teacher on a regular basis, the use of French will increase as the use of mother tongue decreases.

Children will be taught mostly how to communicate. They will learn French in the same way that French children learn it in France through songs, rhymes, games, stories...etc. Repetition is also a key part of the learning process at this age and I therefore will re-use songs and role-plays already learnt in previous lessons along with new vocabulary and material. The children will grow to know them by heart and will be very proud to perform them!

**If you are interested please fill in the form below.**
