

# Little Gaddesden C of E Primary School

Headteacher: Lorna Elkes

Newsletter 17th September 2020

Dear parents and carers,

## **Look up! written by Nathan Bryon and illustrated by Dapo Adeola.**

We began our term with a whole school book- 'Look up!' - this year's winner of Waterstones Children's Book Prize. Each class has taken different themes from the book to contribute to our exhibition in the hall. Ordinarily, we would of course be delighted to invite you to visit our display, offering refreshments as you admired the childrens' work. For the time being, you will have to source your own refreshments as you enjoy our virtual tour of the exhibition by clicking [here](#).

## **Music Lessons**

We are delighted to be able to offer music lessons in school again. Any peripatetic music teachers will be asked to provide risk assessments that we will review to ensure they are inline with our expectations and requirements in relation to COVID-19 guidance.

Please complete this [form](#) OR contact the office if you are interested in your child having music lessons in flute, guitar or drumming.

## **Individual Healthcare Plans**

If your child has a medical condition that we are aware of, you should have been sent a 2020-21 Individual Healthcare plan to complete. If you didn't receive a form but your child has a medical condition please complete the attached form or contact the Office for a copy of the form.

Please return completed forms to the school office by next Friday, 25th September.

***Reminder Fluenz consent forms need to be returned by tomorrow Friday 18th September. Please return your form even if you don't want your child to have the flu vaccinations.***

***We have re-attached information about the vaccine and the consent form to this newsletter.***

**Birthday celebrations.**

There is no expectation that children need to bring in sweets or other food when it is their birthday. However, if you choose to send in celebration food for your child to share with their class and friends, please consider food allergies (absolutely no nuts), making sure that ingredient lists are clearly available. To enable us to follow COVID-19 guidelines, please ensure food items can be given out with the least amount of touch.

Kind regards

Lorna Elkes
