#### Dear Parents and Carers,

As you may be aware, May is Mental Health awareness Month. In school, we are also aware that May is also the start of national testing for many of our young people. Like most schools nationally, we aim to make this as manageable and stress-free as possible for our children (and their families). We recognise that whilst it is important to evaluate what our pupils have achieved so far in their learning, we also value and celebrate all their achievements.

We have been notified that there are road works due next Tuesday, which will impact Church Road. I have been in contact with the local council and they have noted school drop off and collection times.

**Class 1** - have been exploring the life cycle of a butterfly through the story The Very Hungry Caterpillar and we've made our own versions...

**Change of routine**: for this term, could you please send your child to school in school uniform EVERY DAY, sending their PE kit in a bag on Monday that can be left in school. In the past we have found that their PE kit can be left in school for the duration of the term.

**Class 2** - we are looking at writing instructions; beginning with washing our hands. Before long, they will be fully versed in how to wash a Woolly Mammoth.

Class 3 - Enjoyed their first swimming lesson. The teachers commented on how well behaved all the children were.

**Class 4** - Have begun fact finding about famous bridges and bridge structures in Design and Technology, as later in the term they will be building their own bridges out of art straws! We have also arranged for all the children to take part in bikeability

Year 6 parents are invited to a 'Looking after yourself, readiness for SATs meeting on Tuesday 2nd May at 3pm. This will offer some final tips to aid a successful and stress-free approach for the following week.

## Arbor update:

You will have noticed on your arbor account that you can now see attendance figures for your child. As you will be aware, school attendance is closely monitored by the local authority and the DfE, particularly after the impact of the pandemic on pupils. Consequently, concerns are raised for pupil attendance that is less than 90%. The Hertfordshire attendance officer visits each term to review pupil attendance, reviewing in detail, pupils whose attendance is below 95%. Schools are then required to follow up on pupils' where concerns have been raised; to offer help and support around attendance. 

Days Lost Learning.pdf We are very aware of concerns around illness; for this the NHS provide useful guidance https://www.nhs.uk/live-well/is-my-child-too-ill-for-school/

#### Local activities:
